

2021 Reunion Survey Results

Question 1: With the uncertainty of Covid-19 should we have a reunion this year (September 2021)?

18 said have reunion

24 said no reunion

Question 2: If we do have a reunion, how likely is it that you would attend?

19 said they would attend

6 said they would not attend

17 said they don't know if they would attend

Question 3: If you answered No to question 1, should we postpone the reunion to May/June of 2022 or September 2022?

15 said postpone to May/June 2022

8 said postpone to September 2022

Below are some comments from the crew who responded

I believe if the states allow travel I would attend but as far as up here in Mass and Rhode Island WE ARE NOT DOING Very WELL WITH covid.

Postponing for another year isn't what I'd really like to do, however it is in the best interest of the members' health and wellbeing. It also provides more time to plan as opposed to trying to rush through and overlook key issues in the planning.

I get my first covid shot tomorrow, 3/1/21. By September, everyone who plans to get a covid shot should have been vaccinated. It would be nice to see former shipmates again; we are not getting any younger.

By September we should all have our shots, or herd immunity, we would welcome it.
